## COUNTER BASIN SERIES

# 2027

A compact rectangular ceramic washbasin with an integrated tap deck at one end. The basin supports countertop or wall-hung installation.

### TECHNICAL FEATURES

- Overall dimensions: **460 × 260 × 110 mm (L × D × H)**
- Basin type: **Countertop / wall-hung washbasin**
- Shape: **Rectangular with softly rounded corners**
- Tap hole: **One, on the short-end deck**
- Waste opening: **Circular, in the bowl base**
- Wall fixing: **Two holes on the rear long face**
- Material: **Glazed ceramic**
- Finish shown: **Glossy white**

### MATERIAL CHARACTERISTICS

The smooth glazed ceramic surface is designed for easy everyday cleaning. The glossy finish highlights the bowl and softly rounded edges.

### FORM & FUNCTION

A shallow rectangular footprint makes the basin suitable for compact spaces. A broad deck at one end accommodates a single-hole tap.

### INSTALLATION

Place on a countertop or mount to the wall using the two rear fixing holes. Confirm fixing dimensions and hardware before installation.

### FINISH

Glossy white is shown. The DIFANNI ceramic colour samples are provided for reference. Contact DIFANNI to confirm availability for this model.

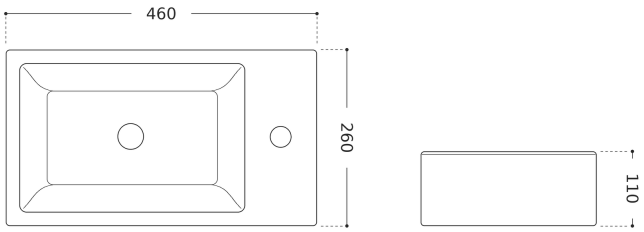
### INDICATIONS FOR CLEANING

Clean with a soft cloth and mild soapy water, then dry with a soft cloth. Avoid abrasive pads, solvents and strong alkaline cleaners.

### ACCESSORIES & OEM / ODM

Contact DIFANNI to confirm tap and waste compatibility, accessory supply and options for project orders.

### TECHNICAL DRAWING



All dimensions in millimetres (mm). Drawing not to scale for print.
